## **PRESIDENT'S MESSAGE**

**April 2024**

I hope you all had a good month. My message this month is not an easy one. As you all know we have rules and regulations and a prospectus that we must follow. Unfortunately, with different managers over the years, things have been interpreted differently and many rules have fell by the wayside. It is a very difficult task to reign them all back in because, people get used to bending the rules and doing their own thing even if it means ignoring the rules. I am a believer that we have rules for a reason, and everyone should follow them. It creates confusion and discord if we do not. Have I done so in the past, I'm sure I have. I keep hearing this isn't the place it once was, and when I ask why, I seem to get the same answer." "No one follows the rules anymore". I am

asking for your help now. If you haven't read the rules or the prospectus, or haven't in a while, please read them. If we follow them, this community will be much happier I believe. If we all do our part to get back to basics, things will get better. Don't follow someone else's lead as they may be incorrect.

Respect your neighbors! Pick up after your dog! DO NOT FEED the alligators, squirrels, and feral cats. All dogs must be always on a leash, even in your own back yards. Anything can get your pets attention causing them to dart out and attack another pet, person, get hit by a car or even a golf cart.

Looking forward to seeing you all at our next meeting on April 8th.

Respectfully,  
Linda Barone  
HOA President

## **SPRINGTIME RECIPES**

Springtime is the perfect season to enjoy fresh and vibrant flavors. Here's a delicious recipe that captures the essence of spring:

### **Spring Vegetable Pasta with Lemon Garlic Sauce**

#### **Ingredients:**

- 8 ounces of pasta (your choice)
- 1 tablespoon olive oil
- 1 small onion, thinly sliced
- 2 cloves of garlic, minced
- 1 cup asparagus, trimmed and cut into 1-inch pieces
- 1 cup sugar snap peas, trimmed
- 1 cup cherry tomatoes, halved
- Zest and juice of 1 lemon
- 1/4 cup grated Parmesan cheese
- Salt and pepper to taste
- Fresh basil leaves for garnish

#### **Instructions:**

1. Cook the pasta according to the package instructions. Drain and set aside.
2. In a large skillet, heat the olive oil over medium heat. Add the onion and garlic and sauté until they become soft and fragrant, about 3-4 minutes.
3. Add the asparagus and sugar snap peas to the skillet and cook for another 4-5 minutes, until they are tender-crisp.
4. Stir in the cherry tomatoes and cook for an additional 2 minutes, just until they begin to soften.
5. Add the cooked pasta to the skillet and toss everything together.
6. In a small bowl, whisk together the lemon zest, lemon juice, and Parmesan cheese. Pour the mixture over the pasta and vegetables, and toss until everything is well coated. Season with salt and pepper to taste.
7. Garnish with fresh basil leaves and serve immediately.

This pasta dish is bursting with the flavors of spring, with the freshness of the vegetables and the tanginess of the lemon garlic sauce. It's a light and satisfying meal that's perfect for enjoying during the spring season. Enjoy!

Please make sure to post results on CPV

# TALKING MEMORY LOSS WITH YOUR DOCTOR

## When do memory issues become a problem?

Everyone forgets things at times. How often have you misplaced your car keys or forgotten the name of someone you just met? While it can be normal to forget some things as you get older, it can become troubling if you can't hold a conversation or even lose track of what year it is. If this starts to happen, it's time to talk to your doctor about what to do next. If you need to talk to your doctor about your memory loss, we want you to feel prepared. Learn more about what to ask and what you should bring to your appointment.

## When to ask about memory loss

Most people experience some memory loss as they get older. You shouldn't worry too much unless memory problems start to disrupt your daily life. If you have difficulty completing daily tasks, it may be time to talk to your health care team. Watch for other warning signs like:

- Asking the same questions over and over.
- Getting lost in familiar places.
- Having difficulty following directions.
- Feeling very confused about time, people, and places.
- Neglecting basic needs, like eating, bathing, and personal safety.

## What to bring to your appointment

At your appointment, be prepared for an evaluation. You'll need to bring a list of changes you've noticed in your health, memory, or behavior. You'll need your past and current medical information list of everything you're taking: prescriptions, over-the-counter medications, vitamins, or supplements. Based on what you share, your doctor might give you a physical exam and take some labs. In some cases, your doctor might conduct cognitive testing.

## Which questions to ask

Bring a list of questions about memory loss with you. This list can help you get started:

- What tests might I need, and how should I prepare?
- How long will it take to get my test results?
- If I have dementia, what should I watch for?
- What are my next steps?

Before you worry, remember that some memory loss can be normal. But it's important to share any concerns you have with your health care team. If you have questions about your memory, reach out to your doctor.
